

This activity has been adapted to complete in an online meeting and should take about 30mins, but it will probably be less. It is for the Skill for my Future theme award.

Before the meeting send each Brownie a different language and ask them to look up what THANK YOU is in that language. Ask them to write it in big letters on a piece of paper. They will also need some other sheets of paper and a dark felt tip.

1. Ask each girl to show everyone what their word is and say which language it is. Everyone practice how it is said. Google translate is very useful for this as it has a speech function so you can hear how it is pronounced.

As a group decide on 10 of the words. Each write them big on separate pieces of paper.

2. A Leader needs to write the words all on 1 piece of paper big enough to read when held up to the camera. Using a smaller piece of paper cover one of the words and hold the paper to the camera. Can the girls remember which word has been hidden? Play this a few times.
3. The girls are now going to play a game of snap with their words. They will each pick one and after a Leader says "there you go" they hold one up to their cameras. If they are the only one with that word they get a point, but if they match with someone else they don't get a point.
