

Bank or Bust

Skills for My Future 20mins

This activity has been adapted for an online meeting and may take a bit longer if you have lots of Guides taking part.

Everyone needs paper and a pen before the activity starts.

There are 4 challenges, the first 3 have a time limit of 1 minute each and the last 2 minutes.

Each answer will get a theoretical £1. Get one of the Leaders to keep track of everyone's scores for each challenge.

Challenge 1 – How many currencies can you name?

Challenge 2 – How many ways can you think of to keep your money safe?

Challenge 3 – How many different payment methods can they name?

After each challenge get the girls to each read an answer and cross off the ones they also have.

Challenge 4 – Find the definitions of the following

- Bank account
- Savings account
- Budget
- Cheque
- Contactless payment

Which Guide managed to get the most money from the challenges?
