

# Story Puzzles

This activity has been adapted to do at home and should take about 20mins and is for the Express Myself theme award.

An adult in your house needs to find or print a picture and cut it into 6 pieces. Don't look at what the picture is. They need to hide 5 pieces around your house.

Look at the last piece, what can you see in it? Do you know what it might be?

Go and find the other pieces and put them back together as a picture.

Now look at the picture, do you know what it is? What can you see? What story does it show? It can be anything you like, use your imagination!

To make it harder you could have more than one picture.

Why not write down your story and send it to your Leaders?
